
(Date)

To the parent/guardian of Cadet _____,

Congratulations! Your son/daughter _____ is selected to attend the Area Seven NJROTC Leadership Academy held at Admiral Farragut Academy in St. Petersburg, Florida during the week of 6-12 June or 13-19 June or 20-26 June 2010. Leadership Academy is designed to train approximately 240 of the top NJROTC cadets in Area Seven. Upon completion, I will expect this cadet to become a leader in our unit for the upcoming academic year.

I must emphasize that the experiences your son/daughter will be exposed to is extremely strenuous, physically and mentally. At this point in your son/daughter's life, he/she probably has not been challenged to the extent he/she will be while attending Leadership Academy 2010.

Obviously, there are certain risks involved in any strenuous physical activity, which could possibly lead to injury. It is therefore important that your son/daughter be in the very best physical condition and any medical problems, which could inhibit his/her performance, are brought to the attention of his/her NJROTC Senior Naval Science Instructor.

I am anticipating a fine academic year with your son/daughter in an important position of leadership within our Unit.

The total cost of this training will be \$170.00.

Sincerely,

Sr. Naval Science Instructor
