

MEMORANDUM

DATE: 20 October 2005

From: Director of Naval Science

To: Faculty and Cadets

Subj: Promotions

1. All cadets indicated on the attached promotion administrative order have been screened and recommended for their position by a promotion board consisting of the Senior Naval Science Instructor, Commandant, Director of Upper School, Director of Student Affairs, Cadet Battalion Commander, and the individual Company Commanders.

Certain requirements, in addition to board recommendation, must be met before a cadet may attain any maximum upper school rate.

- A. Waterfront requirements (any rank above Seaman, QBH; any rate above CPO, QM3).
 - B. Leadership course and/or Naval Science I. (any rate above PO2)
 - C. Minimum of one quarter in attendance (any rate above Seaman)
 - D. Junior class or above (any rate above PO1)
 - E. In certain cases, cadets otherwise qualified in A - D above are placed in trial billets in a lower than authorized rate with a potential for future promotion as recommended by the board.
 - F. Cadets with 40 or more demerits during the marking period are not eligible for promotion. Cadets with 75 or more demerits during the marking period will be reduced in rank and may lose their position.
 - G. In exceptional circumstances, requirements A - D may be waived by special board proceedings.
2. Cadets in specific billets, but who lack minimum requirements of the authorized rank/rate, are listed in both their rank/rate and the rank/rate that could be earned should the minimum requirements be met. Cadets are authorized to wear only the present rank/rate with the uniform. The promotion order indicates the billet, the cadet filling the billet, the previous rank/rate, and the maximum authorized rank/rate of the billet.
3. Questions or errors noted in the promotion order should be directed to the Senior Naval Science Instructor.

Submitted by: CAPT T. L. McClelland, USN (Ret), Senior Naval Science Instructor

Approved by: MGEN R. M. Flanagan, USMC (Ret.), Commandant
